

Register of employees according to the ordinance on the protection of employees (SAMV)

The following employees of the DBMR work with group 2 microorganisms. The following data are of medical importance:

| Name | Entry date | Leaving date | Organisms | Type of activity | Medical Measures (i.e. vaccination)? Yes/No | Health register available? Yes/No | Staff physician |
|------|------------|--------------|-----------|------------------|--|--------------------------------------|-----------------|
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |

In addition to the names of the employees - if applicable – are listed (SAMV Art. 13):

- all workers who are or have been exposed to group 3 or 4 microorganisms
- accidents and incidents with microorganisms; See health records and registration sheet for laboratory accidents
